

## Right vs Wrong

Do you think black lives matter?

Did George Floyd need to die?

Should \$20 put you in the ground?

Is it right for people to be judged by the colour of their skin?

Is it wrong to be pro-black or pro-white?

Why aren't we taught the truth about other people's cultures?

Why does the media feed us so many lies?

Should my ancestors' history be used to define me and my views?

We can't rewrite history, but we can learn from it right?

Will I see everyone be equal in my lifetime?

Everyone is important.

Everyone has a role to play.

Everyone must make a change.
